

## Installer

### Description

#### COMPANY OVERVIEW:

CREO Industrial Arts is a custom fabricator that has been producing high-end architectural products for over 30 years. We execute the vision of the world's finest architects, experiential graphics designers, landscape architects, and exhibit designers, producing extremely high fit and finish custom products for a wide variety of venues.

From the smallest, most detailed piece to large, multi-story structures, CREO does it all. Every project is different, but what they all have in common is the sophistication of the design and the industry's highest standard of quality.

#### POSITION SUMMARY:

The Installer will perform independent installation duties as assigned by the Lead Installer and Field Superintendent. In this role the Installer will also be responsible to work with Lead Installers and Field Superintendents in successfully organizing and coordinating and directing installation and other onsite work of subcontractors while training to become a Lead Installer.

#### Responsibilities

- Review overall project with the project manager, review drawings, understand details of each sign type.
- Note installation-related concerns, discuss with Project Manager and/or Installation Manager.
- Confirm that specific sign locations and surfaces are ready for sign installation.
- Participate in on-site subcontractor meetings as deemed necessary and appropriate.
- Understand the protocol for locating signs, and document the process by which the client takes responsibility for the final location and position of each sign, whenever possible.
- Wherever excavation is required, ensure that underground utilities are located. Keep records of same.
- Check installation patterns for accuracy, and consistency with as-built signs.
- Anticipate conflicts, resolve issues as they arise.

#### Hiring organization
